

WILLER GIANNI TORRICO ARISPE

International Consultant | Data Analyst | GIS Specialist | Water Resources | Applied AI

Buenos Aires, Argentina - Remote / International | wtorrico@gmail.com | linkedin.com/in/willer-gianni-torrigo-arispe | github.com/Willer5000

PROFESSIONAL SUMMARY

MSc. in Integrated Water Resources Management and Agricultural Engineer with a professional track record since 2011 across data analytics, geographic information systems, environmental assessment, applied research, risk management and irrigation. Experience in international-cooperation projects, public institutions and consulting. IBM Data Science specialization and hands-on use of Python, SQL, R, QGIS, ArcGIS and AI tools to turn technical and geospatial information into actionable evidence.

CORE COMPETENCIES

Data Analytics: Python (pandas, NumPy, Matplotlib, Plotly), SQL, R, SPSS, Power BI. | GIS: QGIS, ArcGIS, Google Earth Engine, GDAL/OGR. | Water Resources: integrated management, agrohydrology, irrigation and hydraulic design. | Environment: EIA, risk and socio-environmental analysis. | Applied AI: LLM workflows, automation, analytical assistance and analytics-application development.

PROFESSIONAL EXPERIENCE

Consultant - greenLAC / Eco.Business Fund

May 2024 - Jul 2024 | Bolivia · proyecto regional

Contributed to the update of deforestation studies by collecting and structuring information on deforestation risk associated with agricultural activities in Bolivia.

Consultant - Administradora Boliviana de Carreteras / BID

Oct 2019 - Mar 2020 | Bolivia

Supported a basic video inventory survey of Bolivia's main Fundamental Road Network corridors, covering approximately 10,000 km of roads.

Consultant - Chirripó Consultores / greenLAC

Feb 2018 - Jun 2018 | Bolivia

Supported a study on deforestation risk from agricultural activities and mitigation measures in Bolivia.

Socio-Environmental Technical Assistant - ENDE - Guaracachi

Feb 2017 - Jul 2017 | Santa Cruz, Bolivia

Analyzed productive development and socio-environmental issues, performed GIS-based geographic surveys and provided territorial information for the project.

Social Management, GIS and Environmental Professional - ENDE Corporación · Proyecto Hidroeléctrico Rositas

Oct 2016 - Dec 2016 | Abapó, Santa Cruz, Bolivia

Mapped project areas, analyzed productive and socio-environmental conditions, and supported territorial information management.

Information Systematization and Statistical Software Technician - INIAF · Programa Nacional de Hortalizas

Sep 2015 - Sep 2016 | Sipe Sipe, Cochabamba, Bolivia

Systematized, analyzed and interpreted information from the National Horticulture Program; prepared technical syntheses and supported tomato, onion and garlic research.

Environmental Impact Assessment and Irrigation Consultant - Servicio de Ingeniería Multidisciplinaria

Jan 2015 - Sep 2015 | Cochabamba, Bolivia

Prepared environmental impact assessment studies, GIS analyses and agronomic designs for irrigation systems.

Environmental Management Coordinator and GIS Technician - Gobierno Autónomo Departamental de Chuquisaca

May 2014 - Dec 2014 | Sucre, Bolivia

Performed environmental inspections, document review and GIS mapping for environmental assessment, afforestation and reforestation.

Technified Irrigation Consultant - Cooperación Alemana PROAGRO GIZ

Sep 2013 - Apr 2014 | Tarija, Bolivia

Consulting assignments on irrigation-efficiency monitoring and technified irrigation experiences in the Bolivian Chaco (Villa Montes and Entre Ríos).

Environmental Management Technician - Gobierno Autónomo Departamental de Cochabamba

May 2012 - Sep 2013 | Cochabamba, Bolivia

Performed multisector environmental inspections, reviewed environmental documents and applied GIS to environmental assessment and protected-area mapping.

Risk Management Unit Technician - Gobierno Autónomo Departamental de Cochabamba

Oct 2011 - May 2012 | Cochabamba, Bolivia

Prepared risk maps and used GIS to identify areas affected, vulnerable or threatened by climate-related hazards.

EDUCATION AND CERTIFICATIONS

- MSc. Integrated Water Resources Management - Universidad Mayor de San Simón · Centro AGUA, 2017-2020.
- Agricultural Engineer - Universidad Mayor de San Simón, 2005-2011.
- IBM Data Scientist Professional Certificate - IBM, 2022-2023.
- Diploma in Geographic Information Systems and Remote Sensing - Universidad Mayor de San Simón, 2013.
- Diploma in Hydraulic Engineering Design - Universidad San Sebastián, 2014.
- Diploma in Environmental Management - Universidad Juan Misael Saracho, 2012.
- Diploma in Higher Education with Emerging Technologies and AI - Universidad Mayor de San Andrés, 2024-2025.

LANGUAGES

Spanish: Native. | English: Intermediate B1 (as stated in the source CV).

ADDITIONAL TECHNICAL ACTIVITY

Cryptocurrency trader focused on technical analysis, risk management, data visualization and automation with Pine Script and AI tools. Included as a complementary activity rather than the primary professional focus.
